

# *Wish List*

1. Round Metal Lid that must be fully removed in order to drink from. Best for keeping the drink inside hot or cold, prevents leaks.
2. Double Layer of Acrylic for insulation
3. Digital Thermometer for easy readability to know when your drink is at the best temperature to drink it.
4. Multiple Colours available for everyone
5. Logo changes colour for each colour option
6. Geometric Style Holes in the Round Pod that is free to float inside the water bottle so you're never not infusing
7. Finger hold made of metal attached to the lid for carrying and hanging.

Sold with a line of specialty teas?

Geared towards Millennials, Office Workers, Students, etc.

Packaging: Recycled Wooden Box, with the label "burned" into it on the side, and the slogan on the top.

Simplistic yet beautiful.

100% Gender neutral, extremely easy to wrap in either ribbon or paper, though not necessary.
